Personal Statement

Aspiring front-end web developer with a strong foundation in HTML, CSS, and JavaScript. Passionate about creating responsive, user-friendly websites and continuously learning new technologies. Although I have no formal work experience, I have completed several self-initiated projects that showcase my ability to design and develop engaging web interfaces.

Skills

- Web Languages: HTML5, CSS3, JavaScript (ES6)

- Front-End Development: Responsive Design, Flexbox, Grid Layouts, Basic DOM Manipulation

- Tools: Visual Studio Code, Git & GitHub, Chrome DevTools

- Soft Skills: Problem-solving, Creativity, Attention to Detail, Self-motivation

Projects

1. Personal Portfolio Website

   - Built with HTML, CSS, and JavaScript

   - Showcases my personal projects and skills

   - Fully responsive design with smooth transitions and navigation

2. Interactive Landing Page

- HTML, CSS (Animations), JavaScript
- Includes animated buttons, flip cards, and an image slider
- Demonstrates ability to work with DOM and event handling

3. Invoice Management Prototype

- Designed a functional front-end prototype for a web invoicing tool
- Features: login/signup transitions, dashboard layout, invoice creation UI
